The benefits of leasing Everything taken care of, from roadside assistance to insurance

Always ride your cargo bike with confidence.

Maintenance for your cargo bike

Your bike receives regular maintenance on-site, ensuring your DOCKR stays in top condition.

Repairs sorted quickly

Something wrong with your bike? Call or report the damage in the portal, and we'll fix it quickly on-site.

Swap guarantee

If we're unable to repair your bike within 2 working days, you'll receive a replacement bike.

Roadside assistance for your journey

Stranded by the roadside? We provide roadside assistance, and your bike will be towed. Your rider will get a lift.

The four business cargo bikes at a glance

From logistics providers to wine merchants, and from food delivery to service logistics: different entrepreneurs have different needs.

At DOCKR, you can lease an electric cargo bike that suits your business.

Kettler M

You move quickly in the city centre with this most compact and manoeuvrable DOCKR cargo bike.

From
€ 199 per month

[Place your order →](#)

Suitable for

The Kettler M is especially popular with offices and retail businesses. You choose this model because you'll likely only need your cargo bike a few times a week. You transport relatively few items.

Monthly rate 12 months	€ 342
Monthly rate 6 months	€ 363
Monthly rate 3 months	€ 378
Monthly rate 1 month	€ 399

Our most popular model, the Urban Arrow L

Testimonial

"We have 12 technicians driving around Amsterdam at all times. We noticed that the city centre is becoming increasingly busier, and parking costs are rising.

DOCKR's electric cargo bikes are truly a solution for us. Moreover, our young technicians, who don't have a driving licence, can also get on the road. They're excited, just like our customers."

Remco van den Beld
Feenstra

Urban Arrow XL

With the flightcase cargo box, you have a loading capacity of no less than 570 litres.

From
€ 319 per month

[Place your order →](#)

Suitable for

With the Urban Arrow XL, you have substantial cargo capacity. With nearly one and a half times the volume, there's space for larger and more items to transport.

The bike is used by customers with specific needs, such as installation companies and service technicians. The large cargo box also allows for more customisation, such as an insert tailored to your specific products.

About this cargo bike

✓ Box type	Flightcase
✓ Volume	570 liter
✓ Permissible total weight	250 kg
✓ Radius	40 km

Regular

Unlimited kilometres

Monthly rate 24 months	€ 319

Monthly rate 6 months	€ 374
Monthly rate 3 months	€ 384
Monthly rate 1 month	€ 417

The Urban Arrow XL with the sturdy DOCKR cargo box

Testimonial

"Traffic jams are no longer just a morning or evening rush hour issue. The whole day is busy in Antwerp, it's hard to get into the city, and parking is a problem.

That's why we chose DOCKR's electric cargo bikes. We're now looking at further expansion."

Peter Van Vaerenbergh

Proximus

Cargo Cycling Convy

This stable cargo bike offers you, as a business owner, 550 litres of cargo capacity. With this robust and stable cargo bike, you're flexible and can transport large and heavy items with peace of mind.

From
€ 319 per month

[Place your order →](#)

Suitable for

This cargo bike is our only three-wheeler, making loading and unloading quick and easy. Your rider doesn't need to use the parking stand on this stable cargo bike.

It's no surprise that you'll often see this Cargo Cycling Convy in use by parcel delivery services, as well as at festivals.

About this cargo bike
